सत्वावजयः पुनरहितेभ्यो ऽ र्थेभ्योमनोनिग्रहः ॥ (च/सू/११/४५)

Application of these three together formulates a complete chikitsa. Among these युक्तिव्यपाश्रय is the most commonly used chikitsa for almost all the diseases. Maximum clinical research, validation, seminars, conferences happen based on युक्तिव्यपाश्रय

सत्वावजय is also applied, but in specific conditions. दैवव्यपाश्रय is the least used variety, particularly by Ayurveda Practitioners.

We, Department of PG Studies in Kayachikitsa, RGES AMC, RON, under the leadership of respected President, **Sri G S Patil** and guidance of Principal, **Dr I B Kotturshetti** came out with an idea of Webinar Series highlighting and guiding the importance of collective application of त्रिविधमौषधम् in all the diseases for Students and Practitioners of Ayurveda, by handpicked Eminent, Illustrious Speakers, who are expertise in their field.
